

# NARVA® NEW PRODUCT RELEASE

October 2009

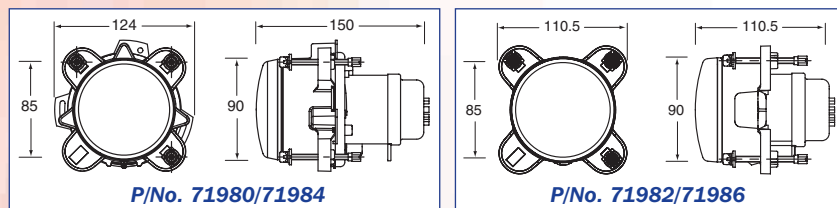

## 90mm HEADLAMP ASSEMBLIES

### Stylish High & Low Beam Headlamp Assemblies

These stylish new headlamp assemblies from Narva are available in both high and low beam options and are ideal for OE fitment to modern styled trucks and buses.

Featuring die-cast aluminium housings with easy beam adjustment and rear sealing rubber caps, the lamps boast free-form reflector technology mated to a glass lens for optimum light performance.

Each lamp is available in 12V or 24V and comes fitted with quality halogen globes. The high beam lamp incorporates a wedge base park globe and the low beam unit features a stylish yet functional projector lens with precise beam control.
